CEO ACCEPTANCE MESSAGE

It is with great enthusiasm that I accept the Chief Executive Officer position with ABUZ. I feel confident that I can make a significant contribution to the organisation and I am very grateful for the opportunity you have given me. I am ready to serve the organisation with honesty, humility, honour and transparency.

I accept to work with you all to fulfil the ABUZ mission to “encourage, promote and protect the sustainable growth and development of businesses in Zimbabwe as well as to enable free and fair practice of business by all”. I say this fully aware of the task at hand. Our EXCOM has appraised me on the financial and organisational state of ABUZ. Let me assure all current and future members of this great organisation that nothing beats the voice of the collective. The current economic environment in this country makes it even more imperative for us to depend on synergy effort. Like all membership based organisations I believe ABUZ should reflect the collective interests and aspirations of its membership. For this reason may I take this opportunity to inform ABUZ members that I intend to embark on a “membership tour” beginning the 17th of August 2017. The purpose of this tour is for your CEO to have a direct engagement with you in order to develop a game plan going forward. I have asked Samantha the Executive Assistant to diarise these appointments. I am happy to meet with you at times most convenient to you including after hours and weekends. I am also grateful that EXCOM members have agreed to accompany me.

May I end by asking for your usual support and participation in ABUZ programs.

Victor Nyoni

Chief Executive Officer
